

Senait Tadesse Derseh

Junior SAP Functional Consultant

I have a BSc degree in Electrical and Computer Engineering (Computer Stream) from Ambo University in July 2022 G.C. I have an extensive understanding of using common computer software and I believe that I am capable of working my job independently as well as teamwork. I have an experience as a junior SAP Functional Consultant at BEAEKA General Business PLC and Web Development Intern at Oasis Infobyte. Currently I am working as Marketing Officer and customer service.
